

APC Trade-in Program

Receive up to a 35% discount on new APC UPS models

- APC's trade-UPS program is a cost effective way to help you upgrade your existing power protection units for greater uptime and availability.
- As an added benefit TechPower and APC will discount the upgraded product if you trade-in your existing/old UPS models.

Receive up to a 30% discount on new APC Accessories

- You can buy additional APC products (up to 5 non-UPS products), at an additional discount, if you purchase with your Trade-UPS transaction.

FREE return shipping of retired units

- As an added bonus, order your new Trade-UPS units today and receive FREE return shipping of your retired units back to APC. (Applicable only to defined easy access areas)

APC is also offering proper ecological disposal of UPS and Batteries for FREE

- All old units, including hazardous UPS batteries, returned to APC will be properly and ecologically disposed of according to Environmental Protection regulations.
- Huge Value, the Agency Standard price for disposing of old units ranges from \$5-\$500 per unit.

APC offers a full 2-year factory warranty on new products

Talk to a TechPower sales associate to learn more about how you can SAVE money by upgrading your old UPS units, while being environmentally friendly.
