

Attend a workshop hosted by HP, QLogic and TechPower . You will learn how the features of agility and efficiency in HP's 3PAR Utility Storage simplify storage by bringing virtualization, thin provisioning, and automated storage management to data center infrastructure. Also, learn how QLogic's converged networking portfolio integrates and enhances HP's 3PAR technology.

- Decrease acquisition and operational costs by 50%.
- Reduce storage management time by 90%.
- Cut storage capacity requirements by 50%.

Agenda (local time)

11:30 a.m.	Registration
12:00 p.m.	Introduction by TechPower Solutions
12:10 p.m.	HP 3PAR Utility Storage Presentation and Lunch
1:15 p.m.	QLogic Networking Presentation
1:30 p.m.	Q&A

REGISTER »
