

The Value of Technology
TechPower Solutions Demo Series

See for yourself why ShoreTel consistently rates the highest in performance and value when compared to all major brands. In just 60 minutes, ShoreTel & TechPower can demonstrate the power and simplicity of the ShoreTel phone system. See firsthand why analysts and customers rave about our solution.

IP Phone Systems:

- ShoreTel's distributed architecture is ideal for multi-site companies that span multiple locations
- With ShoreWare Director, your entire IP phone system can be managed from a single browser-based interface
- The ShoreTel IP phone system provides a complete messaging solution

ShoreWare Call Manager:

- With ShoreWare Call Manager, ShoreTel offers unprecedented ease and flexibility
- ShoreWare Call Manager provides easy licensing, easy set up, flexible features, telephony and IM control, integrated advanced call management, quality desktop video and a highly customizable interface

ShoreTel Converged Conferencing:

- ShoreTel Converged Conferencing is built on an embedded, Linux-based appliance with redundant disk-drives to provide enterprise-class reliability
- ShoreTel's Converged Conferencing delivers a next-generation collaboration solution that unifies audio conferencing, desktop/application sharing, instant messaging, virtual meeting rooms, on-line presentations, and multi-media recording with one easy-to-use interface

Let the numbers do the talking:

- ShoreTel's power consumption is typically **40-60% less** than leading IP Telephony alternatives
- ShoreTel requires the **lowest initial investment** but delivers the highest ongoing returns; and therefore represents the most attractive overall financial investment.
- ShoreTel has an **average payback period of 19 months**. The leading alternatives have an average payback period of 40 months.

When: Tuesday, July 21st 2009

Where: TechPower Solutions- 14656 NE 95th St., Redmond, WA 98052
